Wet Weather		On wet Wednesday and Fridays only, please use Blue going across in order to save our best rinks from damage.					

* Rink direction and colour viewed from the clubhouse towards Valley Gardens.

Daily Green Duties

- ✓ **Dewy the Green so that it can dry out by start of play at 10.30 am**
- ✓ **Swish the green to get rid of worm casts**
- ✓ **Change the rink markers for direction and colour to ease wear on the green**
- ✓ **Check ditches for leaves and debris and clear if necessary**
- ✓ **Sweep down paths of leaves and debris**

The Greenkeeper or his Team have to respond to the condition of the green.

When bowling is permitted, this can mean a reallocation of rinks, or the use of Groundsheets (Rink Protectors).

Their decision is final and no change of rink direction or colour is permitted.
